

The Online 2021 Summer 'WORKS'shops

Reading and Grammar WORKS

Happening August 2-6!

Teaches the basic grammar skills needed by 9th Grade.

Start Kindergartners, high schoolers or anyone in between.

One **Grammar WORKS** manual teaches ALL grade levels of K-8 Grammar!

Students create a complete grammar handbook to use as a reference for college or future writing projects.

Same process and definitions are used throughout so students can focus on building knowledge & understanding as they incrementally & sequentially build new layers of facts.

When complete, students understand the 'why' and the 'how' of sentence structure, parts of speech, punctuation, books reports, library and dictionary skills, letter writing, paragraphs, summaries, outlines, syntactical analysis and additional concepts.
